

# ULTRA-FLEX SERIES

## STEEL FLEX DSL NON-JACKETED EXTRA FLEXIBLE STEEL CONDUIT

### SPECIFICATIONS

- Constructed of continuously interlocked hot dipped zinc galvanized steel core for exceptional crush and corrosion resistance
- Temperature: +450°F (+232°C) max.
- Exceptional flexibility for tight "U" bend radius

### APPLICATIONS

- OEM applications where tight bend radius is required, but no approvals are required

### DESCRIPTION

- Ultra flexible galvanized steel conduit
- Designed for OEM applications where high flexibility but no approvals are required
- Installs easily using standard armored or flexible conduit connectors
- Available in custom cut lengths

Square-Locked Design
